MR. J. BLANFORD TAYLOR

Probably the one man who has done more to publicize Stetson University is the Director of the News Bureau. His sincerity and warm regard for his fellow man has been an inspiration to everyone. For his outstanding interest in the student publications and the time he has devoted to them, we are deeply grateful. With pride and gratitude we dedicate this 1954 *HATTER* to J. Blanford Taylor.

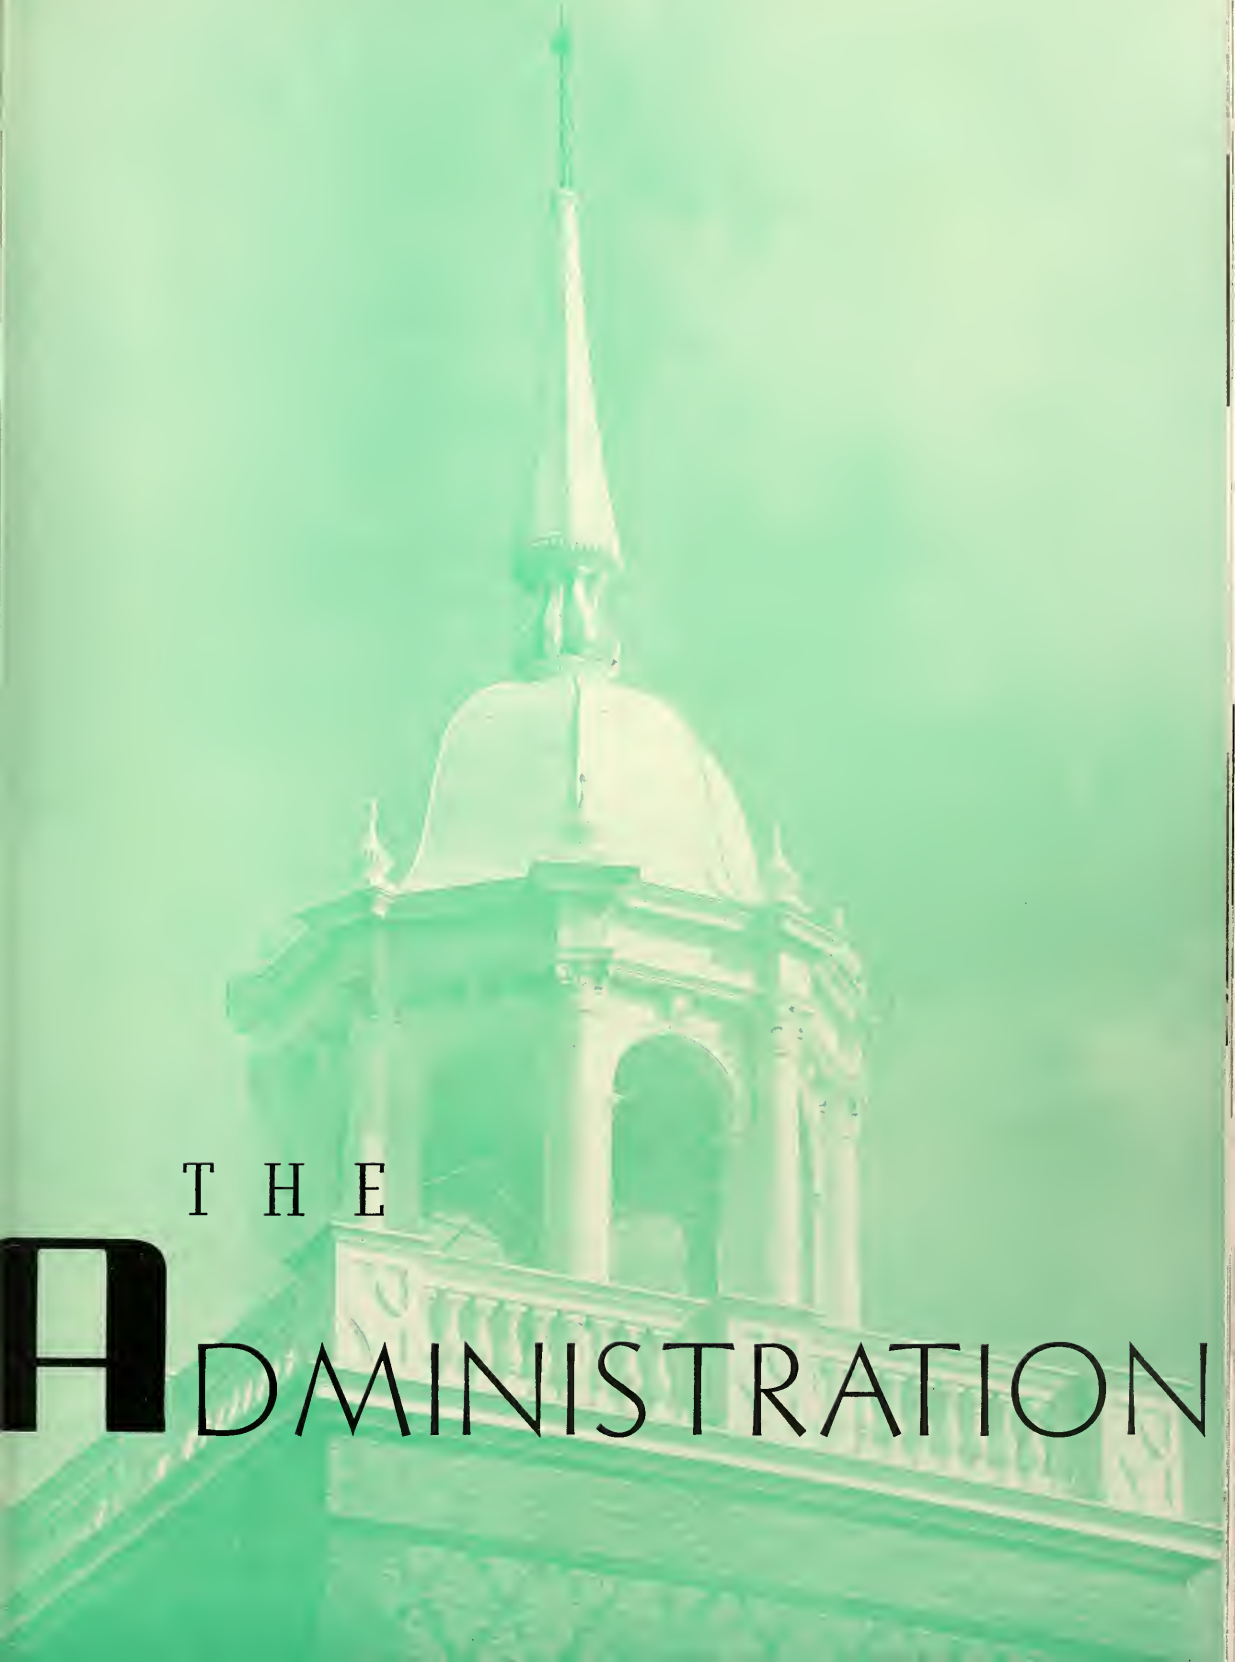

The personnel that guides the University in its overall policy and the everyday functions necessary toward giving the students the best possible in every sense. The people who have the University and the students at heart in all of their decisions.

PRESIDENT'S MESSAGE

Throughout Stetson's history, many important building projects have been started. In 1883, when Henry A. DeLand envisioned a great Christian institution where young men and women could receive training for their roles of leadership in the state and nation, the first building was erected on the campus. In 1890, John B. Stetson, on "Presentation Day," announced his plan to erect Elizabeth and Stetson Halls. In 1901, Henry Flagler made an anonymous gift of funds to construct Science Hall. In 1906, Andrew Carnegie made a generous grant for a library. There have been other memorable dates for building projects, the most recent being Allen Hall, the campus religious center, built by Florida Baptists in 1950.

In 1954, three additional building projects are being undertaken. Five new dormitories, housing 250 men, are scheduled to be ready for occupancy in September. On the same date, the College of Law will move into its million-dollar campus at St. Petersburg, a project made possible by the contributions of public-spirited citizens of that city, and by out-of-state friends. Before the end of the year, ground will be broken for the first wing of a completely modern library building—including a memorial wing, made possible by local citizens, honoring DeLand heroes of World War II.

Yes, 1954 marks the commencement of a new phase of campus development. However, long after the completion of these plans, the influence of you men and women who studied here this year will remain. We will never forget that the University really exists for you, and those who shall come after you.

We shall miss you, but our prayers and our good wishes will go with you.

ADMINISTRATIVE STAFF

Looking towards a growing Stetson, the Administration is ever seeking to promote the spirit of helpfulness towards the student body. The effectiveness of its attitude towards the students is evident by the creation of two new assistant deans. The student organizations have increasingly worked for the demands of their constituents. The Administration and Student Officers have worked together to form a background for a better University.

THE PRESIDENT'S MESSAGE

Dear Fellow Students:

Looking back now at this school year we have a feeling of mixed emotions. There have been laughs, yet there were tears. There have been cheers and times of play, yet there were times of hard work. We have grown to know one another as true friends in work and play. Some of us will never meet again except upon the pages of this book, so may our memories be fond ones and may we always cherish our days here together.

It has indeed been a pleasure to serve you, and may we always say that it was good that God led us this way.

Sincerely,
Jim Carlin
President, Student Government Association

The activities are wide and varied. Homecoming was the big one of the year and Hatter Holiday was one of the best ever. All of the others were high notes along the year.

Publications are here also, representing those people of lost sleep, broken dates and long hours. They are the results, too, of devotion hard work, and a boundless satisfaction in reporting news and recording memories at Stetson, 1954.

STOVER THEATRE

The actual construction of Stover Theatre in 1930 was the realization of a dream for Dr. Irving Stover, Stetson's senior professor. And because of his untiring work in the fields of speech and drama, the theatre was named in his honor.

The Stover Theatre affords a wide variety of theatre activities. Students learn production, directing, acting, lighting, scene construction, and management through practice. Experimental plays, workshop plays, classic and modern plays are a part of each year's program.

THE STUDENT HANDBOOK

EDITOR
HERB ZEROFF

For the first time the Student Handbook became a full-fledged student publication. Previously the Handbook was published by the Administration. Last Spring brought the addition of the office of Handbook Editor to the Publications ballot. Herb Zeroff, Editor, and Dodi Costine, Artist, worked long and hard over the summer months, and the product was a brand-new edition of the Student Handbook, ready and waiting for the incoming freshman class. Congratulations are due Herb and Dodi for the outstanding job done on this first student edition.

EDITORIAL

Two staffs worked long and hard this year in attempting to produce a newspaper which would be a credit to the University. Journalism perfection was the primary goal, with strenuous efforts directed towords the production of a paper of which the student body could justly be proud. Although no big crusodes were undertaken, legitimote gripes of the students were presented to the best of our abilities.

Despite the inevitable trials and tribulations, the Reporter hit the campus with remorkable consistency almost every Friday morning. Deadlines proved the biggest problem, but even this did not falter the spirit which only a college newspaper staff can boast. To the students who contributed their time and efforts to the Reporter, we would like to say: "Thonks for a job well done."

EDITORIAL

Every effort has been made to make the 1954 HATTER a book for the students and a credit to the University. It was the desire of all to represent every phase of student life and include as many pictures as possible, omitting copy where a picture could tell the story.

The task of compiling an accurate record of this school year was accomplished through the cooperation of many campus organizations and with the aid of many and capable students, who deserve great credit.

The staff sincerely hopes that this book will always be a reminder to each student of the glorious year spent at Stetson, 1954.

The features section is arranged in two parts. The Beauties were picked at two different contests sponsored together by the Reporter and Hatter. The Fall contest selected Football Bowl candidates and the Spring contest picked Stetson queens for that reason alone. The outstanding students and Who's Who were picked by the students and the faculty.

WHO'S WHO

In American Colleges and Universities

"Who's Who Among Students in American Universities and Colleges" is published yearly to recognize the most outstanding leaders in campus activities and is one of the highest honors given to any student at Stetson University.

A committee composed of students and faculty members submitted a list of nominees to the Academic Council which made the final selection on the basis of merit shown in student activity, scholarship and leodership ability.

The five sororities and six fraternities have developed into an integral part of the social and cultural life of the campus. Today these organizations play a prominent and vivid part in the student life of the campus. These groups, with their deep bonds of comradeship, have made many contributions towards the well rounded University that is Stetson.

One of the main interests of the University is Sports. If one doesn't participate in the university sponsored sports or the intramural program, he becomes an active spectator. Here then is a glimpse of the year's sports highlights and those who made them.

AUBURN

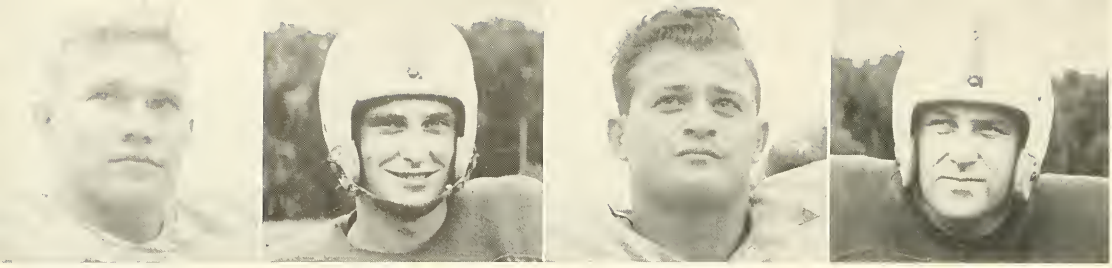

Opening the season with one of the leading contenders in the S.E.C., the Hatters found the Auburn Plainsmen keyed up for the small Stetson squad. The field was muddy and an anticipated Hatter aerial attack was grounded by an injury to Quarterback John Imgrund in the first few minutes of play. The ground attack was led by Harold Knowles and Gene Stephenson, both turning in long runs. Knowles proved cool under pressure when he recovered a bad pass from center on his own three and galloped 48 yards before being pulled down from behind. The line stalwarts were led by game captain Walt Golde.

FLORIDA

Outweighed and outmanned in every position, the Hatter gridmen dropped what Head Coach Jay Pattee termed "our toughest game." The green and white held the Gators on an even keel for the first half, yielding only three touchdowns, but felt the strain of injuries and lack of reserves in the second half. The Stetsonites held the Gators on three drives in the last two periods, but it wasn't enough as the opponent succeeded in scoring five more times. Nick Calantuono was outstanding in the Hatter backfield, along with Harold Knowles, while "Tiny Joe" Siekaniec was a mainstay in the forward wall.

WESTERN KENTUCKY

The game with the Hilltoppers proved more enjoyable for Hatter fans, as it was the first home game and resulted in an 18-7 victory. A pass from Marks to Calantuano set up the first score. Marks scored on a quarterback sneak that completed a 48-yard drive. The Hatters came from behind in the third quarter on a 36-yard run by Knowles, making the score 12-7. The teams waged a defensive battle until the final minute of play, when Hatter guard Charlie Appel recovered a fumble by the Hilltopper quarterback on the Western Kentucky nine. After a backfield in motion penalty, Gene Stephenson scored from the 15 for the final score of the night.

TAMPA

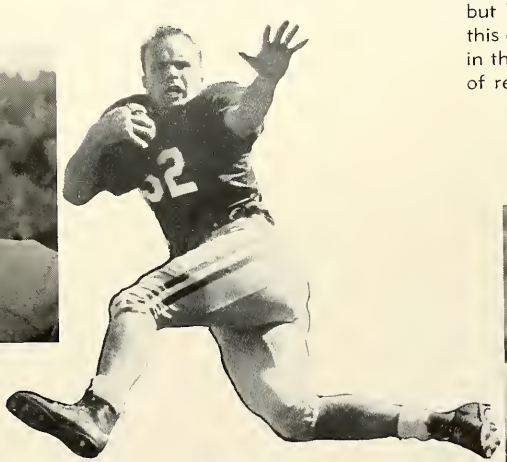

After trailing 7-0 in the first quarter, Stetson rallied for one touchdown in the second quarter and another in the final period, to defeat Tampa U. 14-7. Halfbacks Gene Stephenson and Nick Colantuono paced the Hatter offense that outdid the Spartans most of the way, and finally clicked for the winning touchdown early in the fourth quarter. Stetson's first TD was the result of a 32-yard pass from quarterback Stan Marks to Colantuono, which brought the ball down to the Tampa 10. After a penalty, Marks completed a pass to Stephenson for the score. Stephenson's conversion was good, tying the game up. A 32-yard drive brought the other score, with Colantuono getting the points on a 15-yard jaunt.

The Terriers, who were rated high in the nation defensively, showed their defensive ability by holding the Hats scoreless. The Green and White showed equal defensive stamina in the first half, but lack of reserves and injuries weakened the team during the last two stanzas. An outstanding run was made by John Edgington in a kick-off return. He would have scored except for one man between him and the goal. The Hatters penetrated deep into Terrier land twice, but both attempts failed to give scores. Previous to this game, Stetson had four of the most rugged games in the history of the school, which showed up in lack of reserves resulting from injured players.

MOREHEAD STATE

The Hatters found themselves on the long end of the score as they outplayed the Eagles to the tune of 41-0. The Hatters led 13-0 at halftime, but not before they staved off a Morehead drive which reached the Stetson 13 after the opening kickoff. Halfback Nick Colantuono carried the ball six times in succession to score the Hatters' initial TD. Sizeable gains by Harold Knowles moved the ball to the Morehead 26 to set the stage for Colantuono's score. A 54-yard punt return, by Gene Stephenson, set up the Hatters' second period TD. Two line stabs and a pass from Quarterback Fred Semanie to Keith Shamrock, to the one, set the oval in place for Semanie's sneak over. The Hatters scored twice in the third period, one of which resulted from a blocked kick by End Jim Henley, who picked up the ball on the five and carried it over. The Stetsonites scored twice in the fourth period. One score ended a 76 yard drive, with Brady getting the final tally.

A wet field, four intercepted passes and three costly fumbles cost the Hatters a 40-6 defeat before a rain-drenched Homecoming crowd. Fred Semanie and Keith Shamrock earned starting berths along with Ted Revack—oll were freshmen. The Pirates hit pay dirt in the first quarter on a pass. The Hats had two long drives in the second quarter halted by pass interceptions, and the score remained 7-0 at halftime. The Carolinians scored three times in the third quarter, one being the result of an interception, another a recovered fumble on the Stetson 30, and the third terminating a 60-yard drive. Hatter halfback Art Park shoved over the lone Stetson tally in the fourth stanza after it was made possible by a sustained drive by Knowles and Colantuono to the one yard line. The Hatters played a better brand of ball than the score indicated.

FLORIDA STATE

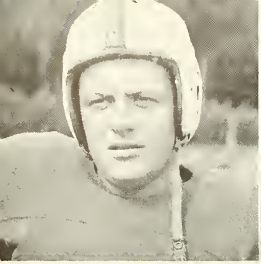

The Hatter gridmen gave the F.S.U. Seminoles a run for their money, and accomplished a near upset. The Stetsonites' spirit was high with the return of Quarterback John Imgrund from the injured list. The Seminoles scored first with a series of running plays and a pass to the 10. Dodosz scored, and the conversion was good, making the score 7-0 early in the first quarter. The Green and White had a chance to score in the second quarter when Marks' punt was recovered on the F.S.U. 2-yard line by End John Edgington. Three running plays and a pass proved fruitless and the Seminoles took over on the 6-yard line. Another scoring chance was nullified when Imgrund completed a long pass to Colantuono. The referee ruled that Imgrund was tackled before he threw the ball. In the second half, the Hatter linemen, led by Walt Golde, continually set the Seminoles back. They managed to score once more, and then the Hatter machine began to roll. Being pressed for time the team marched to their own 49 where Imgrund connected with Halfback Art Park on the Seminoles' 12. Dave Knowles set up the score on the 1-yard line and Park crossed for the TD.

EASTERN KENTUCKY

A fine display of football was exhibited as the Hatters concluded the current gridiron season. The Hatters were on the short end of a 24-12 score at halftime, only to move ahead in the third period 26-24. The Maroons scored in the last stanza on a 58-yard paydirt scamper by their Quarterback, Roy Kidd, to clinch the game. John Imgrund was the big gun in the Hatter backfield. He engineered the first TD in the first quarter, which saw the Hatters march 51 yards with Harold Knowles scoring. To pick out any outstanding player for the Hotters would be a hard task. The whole team played superbly throughout the fray. The third quarter comeback will go down in Stetson gridiron history as a highlight of the 1953 season.

DICK MORLAND

The Hatters didn't hit their stride until almost the mid mark of the season, as they dropped six of their first eight games. Of the six games, four of the final scores had less than a five-point margin. These were the close ones: Florida Southern 81, Stetson 77 for the opening game; last minute luck gave Rollins 64, Stetson 61; up in Seminole country, Florida State got 74, the Hatters, 71; Mississippi Southern tallied 86 in the Senior Bowl, Stetson made 84. The High Hats then proceeded to roll up the scores and give every team in the state a thorough going over. They trounced Florida State 82-60; drubbed Miami 85-63; and cleaned house in their second encounter, with Stetson getting 108 points, Miami 56. The Hi-Hatters defeated Florida Southern 75-64, and ended the season with sweet revenge by rolling up 82 points to the Rollins Tars' 64. Thus ended another season of basketball at Stetson—a season which could have been more outstanding with a couple of good breaks at the beginning.

The overall team record was 10-10. In the state the Hatters ended with seven wins, four losses. The team scored 1480 points to their opponents' 1320. This gave them an average of 74.0 points per game to the opposition's 66.0.

John Imgrund led the scoring for the second year in succession with 315 points, averaging 16.6 per game. Ed Diddle, coach of Western Kentucky, number four team in the nation, said Imgrund was the best visiting player on their court to that date. "Big" Jim Yonge followed with 259, and Jim Carlin hit for 228. All the members on the team deserve favorable recognition for their spirit as a team and contributions to the season.

The Junior Varsity got off to a bad start this season, losing two of their first four games. Then, with the addition of "Buzz" Reynolds to the team, they started to click and ended with a 10-5 record. Reynolds led the team in scoring with an average of 31 points a game. The Baby Hatters had some rough opposition, but their record shows that there will be some good prospects for the varsity next year. They were coached by Jock Oksnee, former varsity letterman. Upon Oksnee's graduation, Bill Layer finished the remainder of the season as coach.

The "S" Club is comprised of letter winners in any of Stetson's varsity sports.

The club moved into its new home this year. The space for the new clubroom was granted by the University, although the lettermen had to construct and furnish the room to make it look and feel comfortable. The majority of this work was graciously rendered by Coach Wes Berner, honorary member and faculty advisor of the club. "Doc" Johnson is also a faculty advisor.

In the support of University activities, the club has many visible contributions. The scoreboard clock in the basketball arena, the athletic schedule signboard on the new sound truck, and cheerleader uniforms are but a few. These projects were made possible through the sale of programs at football and basketball games. The club also sponsors the annual "Varsity Awards Banquet."

The "S" Club strives to promote scholarship among its members, sportsmanship in varsity and intramural athletics, and desirable public relations.

Classes form the basic part of the University life. The best of success to the Seniors, they will be missed on the campus; to the Juniors, who will fill the vacancies of the Seniors, the best of luck. The Sophomores have reached the midpoint in their college studies, while the Freshman have just begun.

Freshman "Rat" Week

E. B. CRIM
Director of Adult and Cooperative Education

THE COOPERATIVE EDUCATION PLAN

The purpose of Stetson's Co-op Plan is threefold—to furnish on the job experience in a student's major field of study; to make possible a greater understanding of human relations in business; and to make possible financial aid to students. Both men and women may become Co-op students.

Many business executives today feel that classroom experience received in college will not take the place of actual work in a related field in industry, therefore, many Co-op students are creating a permanent career for themselves while attending college. Co-op students generally pay most of the costs of their education from on-the-job income.

The Stetson Law Students Association consists of the entire membership of the College of Law, with a view toward maintoining a closer relationship among the students of the various classes and between the individual student and the administration. The Association endeavors to promote the interest of the student individually and collectively, and to provide a measure of self-government for the members of the College of Law.

The Honor Court, which is a part of the Association, serves as a court for the trial of infractions and the recommendation of punishment in cases of guilt. The court consists of a judge elected by the Association, who presides over all trials, and a jury drawn from the membership for each individual trial, students acting as prosecuting and defense attorneys. Florida rules of procedure are used for all trials.

Phi Delta Phi was founded on December 13, 1869, at the University of Michigan, Ann Arbor, Michigan. It thus became the first legal, as well as the first professional fraternity to be founded in the United States. The fraternity has striven constantly to promote a higher standard of professional ethics in law schools and the profession at large.

Phi Alpha Delta is a national law fraternity founded in 1898 at Chicago, Illinois. It has chapters in fifty-eight of the leading American law schools and thirty-one alumni chapters in the larger American cities. The David J. Brewer Chapter was installed at the John B. Stetson University College of Law in 1915.

The purpose of Phi Alpha Delta is to encourage scholarship, to promote the discussion of legal subjects, to effectuate and to foster the high ideals of the legal profession.

ADVERTISING

The City of DeLand and the DeLand Chamber of Commerce are proud of Stetson University's established record for training men and women for the business of living. Proud, too, they are of the recognition brought to DeLand by the many individual students, student groups and alumni who are constantly presenting some phase of Stetson University — and consequently DeLand — to the Nation.

DeLand and Stetson University *together* have *more* to offer winter visitors and new residents than 'most any other section of the State. If you are interested in DeLand as a vacation spot or a place of permanent residence, write

THE HATTER

GEORGE SINGELTARY, Editor
STERLING FORRESTER, Business Manager

Yearbook of Stetson University

The Students
Stetson University
DeLand, Florida

It is with full realization of the inadequacy of words that this open letter is written, but nevertheless, I would like to thank those persons who have helped so much in the compilation and production of this, the 1954 HATTER.

We hope that you are as proud of your 1954 HATTER as we are. Much time and labor have gone into the book and we beg forgiveness for any mistakes and hope that they are at a minimum.

I would like to give my utmost gratitude to "Kitten" Rand; without her laborious help and wonderful spirit, this book would not be anything like we honestly feel our labors have accomplished.

To the staff of editors and assistants of the editorial department, especially Anne Russell, Barbara Martin, and Mary Ann Coslow, a sincere thanks for a job well done. My appreciation to the photographers, Burt Holmes, Jim Coleman and Charlie Waterman, who spent endless hours working to achieve new views of familiar scenes. To Sterling Forrester and his assistants, who made this book possible through their advertisements and management of the book's funds, many thanks.

It would be impossible to close this letter without making special acknowledgement to those outside the two staffs who assisted in producing this book: Mr. J. Blanford Taylor, advisor; Mr. Roy D. Hickman of the Alabama Engraving Co.; Mr. Johnny Long of Bowen, Long and Young, printers; Artcraft Studios, portraits; and Mr. Charles H. Franklin, University Business Manager.

I am grateful beyond my ability of expression to the staff, who with willingness, cooperation, suggestions, and patient work, saw this 1954 HATTER completed by our combined efforts. Theirs was a hard job, without compensation, and to those of the Staff, I shall ever be indebted.

Sincerely,

George Singeltary

Editor
